

Nationwide® Cyber Risk Management Portals

Understanding Your Cyber Risks

Knowing how to protect yourself against cyber attacks and breaches is important. **Cyber Safety**, powered by Zeguro™ and **eRiskHub**® assist with planning and preparing for a cyber attack or breach. Check in frequently to stay up to date with the right tools. Some of the highlights include:

Incident Roadmap: Follow a step-by-step process and use valuable checklists in the event of a data breach.

Ransomware Resources: A new feature full of ransomware-focused content, including ransomware tools, interviews with ransomware experts, best-practices downloads, and recommended ransomware security solutions.

Training: Understand how hackers can infiltrate a system with cyber security information to use in your business or find vendors that have training available for your employees.

Resources: Find the latest data on security breaches with downloadable articles and videos on data, security, insurance and risk management trends.

In today's digital world, no organization is safe from devastating breaches and computer attacks. Keep yourself informed and be prepared. Assess your risks and develop an effective response plan.
